ANNUAL MEETING OF STOCKHOLDERS

Purpose of the annual meeting

At the annual meeting, we will submit the following proposal to the stockholders:

Proposal One: To elect three Class III directors to a three-year term.

Our board of directors does not intend to present to the annual meeting any business other than the proposal described in this proxy statement. Our board of directors was not aware, a reasonable time before mailing this proxy statement to stockholders, of any other business that may be properly presented for action at the annual meeting. If any other business should come before the annual meeting, the persons present will have discretionary authority to vote the shares they own or represented by proxy in accordance with their judgment, to the extent authorized by applicable regulations.

Record date

Our board of directors has fixed the close of business on Friday, April 1, 2005, as the record date for the annual meeting. Only stockholders of record as of the close of business on that date are entitled to receive notice of the annual meeting, and to vote at, the annual meeting. At the close of business on the record date, there were issued and outstanding 14,536,483 shares of our common stock. Each share of common stock outstanding on the record date will be entitled to cast one vote.

Methods of voting

The shares represented by your properly signed proxy card will be voted in accordance with your directions. If you do not specify a choice with respect to a proposal for which our board of directors has made a recommendation, the shares covered by your signed proxy card will be voted as recommended in this proxy statement. We encourage you to vote on all matters to be considered.

Voting by mail:

By signing and returning the proxy card in the enclosed envelope, you are enabling the individuals named on the proxy card (known as proxies) to vote your shares at the meeting in the manner you indicate. We encourage you to sign and return the proxy card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting. If you received more than one proxy card, it is an indication that your shares are held in multiple accounts. Please sign and return all proxy cards to ensure that all of your shares are voted.

Voting by telephone:

To vote by telephone, please follow the instructions included on your proxy card. If you vote by telephone, you do not need to complete and mail your proxy card.

Voting on the Internet:

To vote on the Internet, please follow the instructions included on your proxy card. If you vote on the Internet, you do not need to complete and mail your proxy card.

Voting in person at the meeting:

If you plan to attend the meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the

[Table of Contents](#)

right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of the shares held in street name. If you wish to vote shares held in street name at the meeting, you will need to bring with you to the meeting a legal proxy from your broker or other nominee authorizing you to vote your shares.

Quorum

Our by-laws provide that a quorum consists of a majority of the shares of common stock issued, outstanding, and entitled to vote at the annual meeting. Shares of common stock represented by a properly signed and returned proxy will be treated as present at the annual meeting for purposes of determining the existence of a quorum at the annual meeting. In general, votes withheld from any nominee for election as director, abstentions, if applicable, and broker “non-votes,” if applicable, are counted as present or represented for purposes of determining the existence of a quorum at the annual meeting. A “non-vote” occurs when a broker or nominee holding shares for a beneficial owner returns a proxy but does not vote on a proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

Vote required; tabulation of votes

A plurality of the votes properly cast at the annual meeting will be necessary to elect each of the three Class III directors to a three-year term. Abstentions and broker “non-votes” will not be included in calculating the number of votes cast on the proposal.

Our transfer agent, EquiServe, will separately tabulate the votes for each nominee at the annual meeting.

Solicitation of proxies

No compensation will be paid by any person in connection with our solicitation of proxies. We will reimburse brokers, banks and other nominees for the out-of-pocket expenses and other reasonable clerical expenses they incur in obtaining instructions from beneficial owners of our common stock. In addition to our solicitation by mail, our directors, officers and employees may make special solicitations of proxies personally or by telephone, facsimile, courier or e-mail. We expect that the expense of any special solicitation will be nominal. We will pay all expenses incurred in connection with this solicitation.

Revocability of proxy

You may revoke your proxy at any time before it is voted at the meeting. In order to revoke your proxy, you must either:

- sign and return another proxy card with a later date;
- provide written notice of the revocation of your proxy to our secretary; or
- attend the meeting and vote in person.

PROPOSAL ONE: ELECTION OF DIRECTORS

Proposal One concerns the election of three Class III directors.

Our board of directors currently consists of seven directors and is divided into three classes. We refer to these classes as Class I, Class II and Class III. The term of one class of directors expires each year at the annual meeting of stockholders. Each director also continues to serve as a director until his or her successor is duly elected and qualified. This year, the term of the Class III directors is expiring.

Our nominating committee has nominated Martin A. Kits van Heyningen, Robert W.B. Kits van Heyningen, and Bruce J. Ryan to serve as Class III directors for a three-year term. Our stockholders elected Messrs. Martin Kits van Heyningen and Robert Kits van Heyningen at our annual meeting of stockholders in May 2002, and their current terms will expire at the 2005 annual meeting. Mr. Ryan was appointed to the board in July 2003 to fill a vacancy caused by resignation of a Class III director.

Proxies will not be voted at the 2005 annual meeting for more than three candidates.

Messrs. Martin Kits van Heyningen, Robert Kits van Heyningen, and Ryan have each agreed to serve if elected, and we have no reason to believe that they will be unable to serve. If any of them is unable or declines to serve as a director at the time of the annual meeting, proxies will be voted for another nominee that our board will designate at that time.

Our board of directors recommends that you vote FOR the election of Messrs. Martin A. Kits van Heyningen, Robert W.B. Kits van Heyningen, and Bruce J. Ryan.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

Director Independence

A majority of our directors are independent directors under the rules of the Nasdaq Stock Market. Our board of directors has determined that our independent directors are Messrs. Ain, Honey, Ryan and Trimble.

Board Meetings

During 2004, our board of directors met seven times. Each incumbent director attended at least 75% of the total number of meetings held by the board and the committees of the board on which he served during 2004. To the extent reasonably practicable, directors are expected to attend board meetings, meetings of committees on which they serve, and, starting in 2005, our annual meeting of stockholders. Last year, two of the seven individuals then serving as directors attended the annual meeting.

Board Committees

Our board of directors has three standing committees: the audit committee, the nominating and corporate governance committee and the compensation committee. Each member of the audit committee, the nominating

Table of Contents

and corporate governance committee and the compensation committee meets the independence requirements of the Nasdaq Stock Market for membership on the committees on which he serves. The audit committee, the nominating and corporate governance committee and the compensation committee each have the authority to retain independent advisors and consultants. We pay the fees and expenses of these advisors.

Audit Committee

Our audit committee is currently composed of Messrs. Ain, Ryan and Trimble. Our audit committee provides the opportunity for direct contact between our independent registered public accounting firm and members of the board of directors; the auditors report directly to the committee. The committee assists the board in overseeing the integrity of our financial statements, our compliance with legal and regulatory requirements, our independent registered public accounting firm's qualifications and independence, and the performance of our independent registered public accounting firm. The committee is directly responsible for appointing, compensating, evaluating and, when necessary, terminating our independent registered public accounting firm. Our audit committee has established procedures for the treatment of complaints regarding accounting, internal accounting controls or auditing matters, including procedures for the confidential and anonymous submission by our employees of concerns regarding questionable accounting, internal accounting controls or auditing matters. Our board has determined that Mr. Ryan is an audit committee financial expert under the rules of the Securities and Exchange Commission. Our audit committee met eight times during 2004. Our board of directors adopted a new audit committee charter in February 2004 and reviewed and re-affirmed its contents in February 2005.

Nominating and Corporate Governance Committee

Our board of directors established a nominating and corporate governance committee in February 2004. The current members of our nominating and corporate governance committee are Messrs. Ain, Honey, Ryan and Trimble. Our nominating and corporate governance committee's responsibilities include providing recommendations to our board of directors regarding nominees for director and membership on the committees of our board. An additional function of the committee is to develop corporate governance practices to recommend to our board and to assist our board in complying with those practices. Our board of directors has adopted a charter for this committee, which we have made available through the Investor Relations page of our web site at www.kvh.com.

Compensation Committee

The compensation committee's responsibilities include providing recommendations to our board regarding the compensation levels of directors, approving, or recommending for approval by our board, the compensation levels of executive officers, providing recommendations to our board regarding compensation programs, administering our incentive-compensation plans and equity-based plans, authorizing grants under our stock option plans, and authorizing other equity compensation arrangements. Our compensation committee met four times during 2004. Our compensation committee is currently composed of Messrs. Ain, Ryan and Trimble.

Compensation committee interlocks and insider participation

No member of the compensation committee had any relationship requiring disclosure under the rules of the Securities and Exchange Commission regarding transactions and relationships with related parties.

Director candidates and selection processes

The process followed by our nominating and corporate governance committee to identify and evaluate director candidates includes requests to our board members and others for recommendations, meetings from time to time to evaluate biographical information and background materials relating to potential candidates, and interviews of selected candidates by members of the committee and other members of our board. The committee

[Table of Contents](#)

may also solicit the opinions of third parties with whom the potential candidate has had a business relationship. Once the committee is satisfied that it has collected sufficient information on which to base a judgment, the committee votes on the candidate or candidates under consideration.

In evaluating the qualifications of any candidate for director, the committee considers, among other factors, the candidate's depth of business experience, reputation for personal integrity, understanding of financial matters, familiarity with the periodic financial reporting process, reputation, degree of independence from management, possible conflicts of interest and willingness and ability to serve. The committee also considers the degree to which the candidate's skills, experience and background complement or duplicate those of our existing directors and the long-term interests of our stockholders. In the case of incumbent directors whose terms are set to expire, the committee also gives consideration to each director's prior contributions to the board. The minimum qualifications that each director must possess consist of general familiarity with fundamental financial statements, ten years of relevant business experience, no identified conflicts of interest, no convictions in a criminal proceeding during the five years prior to the date of selection and the willingness to execute and comply with our code of ethics. In selecting candidates to recommend for nomination as a director, the committee abides by our company-wide non-discrimination policy.

The committee will consider director candidates recommended by stockholders and use the same process to evaluate candidates regardless of whether the candidates were recommended by stockholders, directors, management or others. The committee has not adopted any particular method that stockholders must follow to make a recommendation. We suggest that stockholders make recommendations by writing to the chairman of our nominating and corporate governance committee, in care of our offices, with sufficient information about the candidate, his or her work experience, his or her qualifications for director, and his or her references as will enable the committee to evaluate the candidacy properly. We also suggest that stockholders make their recommendations well in advance of the anticipated mailing date of our next proxy statement so as to provide our nominating and corporate governance committee an adequate opportunity to complete a thorough evaluation of the candidacy, including personal interviews. We remind stockholders of the separate requirements set forth in our by-laws for nominating individuals to serve as directors, which we discuss elsewhere in this proxy statement.

Communications with our Board of Directors

Our board, including all of the independent directors, has established a process for facilitating stockholder communications with our board. Stockholders wishing to communicate with our board should send written correspondence to the attention of our outside legal counsel, Adam Sonnenschein, Foley Hoag LLP, World Trade Center West, 155 Seaport Boulevard, Boston, Massachusetts 02210, and should include with the correspondence evidence that the sender of the communication is one of our stockholders. Satisfactory evidence would include, for example, contemporaneous correspondence from a brokerage firm indicating the identity of the stockholder and the number of shares held. Our legal counsel will forward all mail to each member of our board of directors.

Our board believes that this process will be sufficient to handle the relatively low volume of communications we have historically received from our stockholders. If the volume of communications increases, our board may elect to adopt more elaborate screening procedures.

Code of Ethics

We have adopted a code of ethics that applies to all of our directors, executive officers and employees, including our principal executive officer, principal financial officer and principal accounting officer. The code of ethics includes provisions covering compliance with laws and regulations, insider trading practices, conflicts of interest, confidentiality, protection and proper use of our assets, accounting and record keeping, fair competition and fair dealing, business gifts and entertainment, payments to government personnel and the reporting of illegal or unethical behavior. You can obtain a copy of our code of ethics through the Investor Relations page of our web site at www.kvh.com.

REPORT OF THE AUDIT COMMITTEE

The board of directors appointed an audit committee to monitor the integrity of our company's consolidated financial statements, its system of internal controls and the independence and performance of our independent registered public accounting firm. The audit committee also selects our company's independent registered public accounting firm. The audit committee is governed by a written charter adopted by the board of directors.

The audit committee currently consists of three independent directors. Each member of the audit committee meets the independence requirements of the Nasdaq Stock Market for membership on the audit committee.

Our company's management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Our company's independent registered public accounting firm is responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. However, we are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing, including with respect to auditor independence. We have relied, without independent verification, on the information provided to us and on the representations made by our company's management and independent registered public accounting firm.

In fulfilling our oversight responsibilities, we discussed with representatives of KPMG LLP, our company's independent registered public accounting firm for 2004, the overall scope and plans for their audit of our company's consolidated financial statements for 2004. We met with them, with and without our company's management present, to discuss the results of their examinations and their evaluations of our company's internal controls and the overall quality of our company's financial reporting.

We reviewed and discussed the audited consolidated financial statements for 2004 with management and the independent registered public accounting firm.

We discussed with the independent registered public accounting firm the matters required to be discussed by Statement of Auditing Standards No. 61, *Communication with Audit Committees*, as amended, including a discussion of our company's accounting principles, the application of those principles, and the other matters required to be discussed with audit committees under generally accepted auditing standards.

In addition, we received from the independent registered public accounting firm a letter containing the written disclosures required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and discussed the disclosures with them, as well as other matters relevant to their independence from management and our company. In evaluating the independence of our auditors, we considered whether the services they provided to our company beyond their audit and review of our consolidated financial statements were compatible with maintaining their independence. We also considered the amount of fees they received for audit and non-audit services.

Based on our review and these meetings, discussions and reports, and subject to the limitations on our role and responsibilities referred to above and in the audit committee charter, we recommended to the board of directors that our company's audited consolidated financial statements for 2004 be included in our company's annual report on Form 10-K.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Our audit committee appointed KPMG LLP as our independent accountants to audit our consolidated financial statements for 2004. We have not selected an independent registered public accounting firm for 2005 because our audit committee has not yet met to make this determination. We expect that representatives of KPMG LLP will be present at the annual meeting. They will have an opportunity to make a statement if they wish and will be available to respond to appropriate questions from stockholders.

Fees for professional services

The following is a summary of the estimated fees for professional services rendered by KPMG LLP for 2004 and 2003:

Fee category	Fees	
	2004	2003
Audit fees ⁽¹⁾	\$ 445,000	\$ 258,000
Audit-related fees	12,000	11,000
Tax fees	19,000	68,340
All other fees	—	—
Total fees	\$ 476,000	\$ 337,340

⁽¹⁾ As of the date of this proxy statement, we have not completed our management's report on internal control over financial reporting, and accordingly KPMG LLP has not completed its audit of our management's report on internal control over financial reporting. As we indicated in our annual report on Form 10-K, we intend to file our management's report on internal control over financial reporting and the related attestation report of KPMG LLP by April 30, 2005. The amount presented in this table represents the amount we have estimated for audit fees incurred or to be incurred with respect to 2004. KPMG LLP has billed us an aggregate of \$351,600 for financial statement and internal control audit fees incurred through March 10, 2005.

Audit fees. Audit fees represent fees for professional services performed by KPMG LLP for the audit of our annual financial statements, the audit of our internal controls over financial reporting and the review of our quarterly financial statements. The 2003 audit fees included \$94,000 in attestation services rendered in connection with the filing of our common stock registration statement on Form S-3 in November 2003 and the related prospectus.

Audit-related fees. Audit-related fees represent fees for assurance and related attestation services performed by KPMG LLP that are reasonably related to the performance of the audit or review of our financial statements. For both 2004 and 2003, these fees included services performed by KPMG LLP in connection with the statutory audit of our 401(k) employee benefit plan.

Tax fees. Tax fees represent fees for professional services performed by KPMG LLP with respect to corporate tax compliance, tax advice and tax planning.

All other fees. All other fees represent fees billed for products and services provided by KPMG LLP, other than those disclosed above.

Pre-approval policies and procedures

Our audit committee approves each engagement for audit or non-audit services before we engage KPMG LLP to provide those services.

Our audit committee has not established any pre-approval policies or procedures that would allow our management to engage KPMG LLP to provide any specified services with only an obligation to notify the audit committee of the engagement for those services. None of the services provided by KPMG LLP for 2004 was obtained in reliance on the waiver of the pre-approval requirement afforded in SEC regulations.

REPORT OF THE COMPENSATION COMMITTEE

The compensation committee established by our board of directors is currently composed of Messrs. Ain, Ryan and Trimble. Our board of directors adopted a charter for the compensation committee in April 2004. Under the charter, the compensation committee is responsible for recommending to the board the compensation philosophy and policies that we should follow, particularly with respect to the compensation of the members of our senior management. The committee is responsible for reviewing and approving, or recommending for approval by the board, the compensation of our executive officers, including our chief executive officer. In addition, the board has delegated to the committee the authority to administer, review and make recommendations with respect to our incentive compensation plans and our equity-based plans.

The following report summarizes our executive officer compensation policies for fiscal 2004.

The compensation package for our executive officers in fiscal 2004 had three principal components: (1) base salary; (2) bonus; and (3) stock options. Our executive officers were also eligible to participate in non-executive benefit plans on substantially the same terms as other employees.

In determining executive compensation, the compensation committee believes packages need to offer:

- fair and competitive compensation that attracts and retains superior executive talent;
- links to performance and stockholder interests with rewards for both short-term and long-term results;
- incentive compensation programs that recognize both individual and team performance; and
- features that encourage long-term career commitments to us and our stockholders.

Salaries are reviewed annually, and any adjustments are based on individual performance, changes in responsibilities and market-based comparisons with similar companies. Bonuses, which are included in the summary compensation table, generally are based on a percentage of operating income and dependent upon our achieving the year's financial plan, as well as specific employee performance with respect to achievement of personal business goals. In addition to salaries and incentive bonuses, the compensation committee also grants significant stock options to executive officers and our other key employees in order to focus the efforts of these employees on the long-term enhancement of profitability and stockholder value. Our compensation policy also includes grants of stock options to many of our employees.

The Securities and Exchange Commission requires that this report comment upon the compensation committee's policy with respect to Section 162(m) of the Internal Revenue Code, which limits our company's tax deduction for compensation in excess of \$1.0 million paid to our company's chief executive officer and our company's four other most highly compensated executive officers at the end of any year unless the compensation qualifies as "performance-based compensation." The compensation committee's policy with respect to Section 162(m) is to make a reasonable effort to cause compensation to be deductible by our company while simultaneously providing executive officers of our company with appropriate rewards for their performance. Through 2004, all compensation paid to executive officers whose compensation is subject to Section 162(m) has been deductible for tax purposes, because the compensation either did not exceed \$1.0 million or qualified as performance-based compensation.

Martin A. Kits van Heyningen, our chief executive officer, was paid a base salary of \$275,000 per annum in 2004 and received a bonus of \$100,000 for FY2003. During 2004, Mr. Kits van Heyningen was granted options to purchase 25,000 shares of common stock at \$15.46 per share. In setting Mr. Kits van Heyningen's compensation for 2004, the compensation committee considered the compensation payable to chief executive officers of other similarly situated companies in our industry, as well as achievement of personal and corporate business goals established by the committee and Mr. Kits van Heyningen.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Director compensation

We pay our non-employee directors \$1,500 for each board meeting attended. Directors who are employees do not receive separate fees for their services as directors.

Each newly elected non-employee director will automatically receive on the date of his or her election a nonqualified option to purchase 10,000 shares of our common stock at an exercise price equal to the fair market value of the common stock on that date. Each initial grant will vest in four equal quarterly installments after the date of grant and will have a term of five years. Currently, our non-employee directors are Messrs. Ain, Honey, Ryan and Trimble.

At the first meeting of the board of directors following the annual meeting of stockholders, non-employee directors will automatically receive a nonqualified option to purchase 5,000 shares of our common stock with an exercise price equal to the fair market value of the common stock on that date. Each such option vests immediately and has a term of five years.

In addition, each non-employee director who is appointed to serve on the audit committee of our board of directors will receive, on the date of his initial appointment, a nonqualified option to purchase 5,000 shares of our common stock at an exercise price equal to the fair market value of the common stock on that date and an additional 5,000 shares on each anniversary, so long as he continues to serve on our audit committee. Each such option will vest in four equal quarterly installments after the date of grant and will have a term of five years.

In accordance with the terms of our stock option plans, at the first meeting of the board of directors after the 2004 annual meeting of stockholders, each of Messrs. Ain, Honey, Ryan and Trimble received a nonqualified option to purchase 5,000 shares of common stock at an exercise price of \$8.07 per share. On the anniversary of their appointment to the audit committee, each of Messrs. Ain, Ryan and Trimble also received a nonqualified option to purchase 5,000 shares of common stock at an exercise price of \$8.07 per share.

We issued options to Martin A. Kits van Heyningen and Robert W.B. Kits van Heyningen as set forth in the tables entitled "Summary Compensation Table" and "Option Grants in Last Fiscal Year." We also issued Arent H. Kits van Heyningen a nonqualified option to purchase 12,500 shares of our common stock at an exercise price of \$15.46 in February 2004. This option vests in four equal annual installments.

Option grants in last fiscal year.

The following table provides information concerning stock options granted to the executive officers named in the summary compensation table.

Amounts reported in the last two columns represent hypothetical values that may be realized upon exercise of the options immediately before the expiration of their term, assuming the specified compounded rates of appreciation of the price of our common stock over the term of the options. These numbers are calculated based on the rules of the Securities and Exchange Commission and do not represent our estimate of future stock price growth. Actual gains, if any, on stock option exercises and common stock holdings depend on the timing of the exercise of the option and the sale of the common stock, as well as the future performance of the common stock. The rates of appreciation assumed in this table may not be achieved and the officers may never receive the amounts reflected. This table does not take into account any change in the price of the common stock after the date of grant. The values shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise.

Aggregate option exercises and fiscal year-end option values.

The following table provides information concerning stock options exercised during 2004 and stock options held at December 31, 2004 by the executive officers named in the summary compensation table.

The value realized upon the exercise of options is based on the last sale prices of the common stock on the respective dates of exercise, as reported by the Nasdaq National Market, less the applicable option exercise prices. The value of unexercised in-the-money options at fiscal year-end is based on \$9.80 per share, the last sale price of our common stock on December 31, 2004, as reported on the Nasdaq National Market. Actual gains, if any, will depend on the value of the common stock on the date of the sale of the shares.
